

Flow captures with smooth end

Including assembling. The spigots are possible to fit on all containers according to your specification. The diameter in the table below is the spigot external diameter. For spigots assembled on the tanks side wall, we only recommend pipe up to 160 mm external diameter. All according to DVS 2205-2.

| Variants | |
|----------|------------------------------------|
| S62334 | Spigot D20 L150 PE Black, mounted |
| S62337 | Spigot D25 L150 PE Black, mounted |
| S60360 | Spigot D32 L150 PE Black, mounted |
| S60030 | Spigot D38 L55 PE Black, mounted |
| S60361 | Spigot D40 L150 Black PE, mounted |
| S60362 | Spigot D50 L150 Black PE, mounted |
| S60363 | Spigot D63 L150 PE Black, mounted |
| S60364 | Spigot D75 L150 PE Black, mounted |
| S60365 | Spigot D90 L150 PE Black, mounted |
| S60366 | Spigot D110 L150 PE Black, mounted |
| S60367 | Spigot D125 L150 PE Black, mounted |
| S60370 | Spigot D140 L150 PE Black, mounted |
| S60368 | Spigot D160 L150 PE Black, mounted |
| S60369 | Spigot D200 L150 PE Black, mounted |
