

## Connection internal thread. For containers up to 300L.

Inner thread connections are welded to the container with free placement according to your request. This type of connection is very reliable and provides great flexibility to connect different type of accessories while at the same time being able to close with plug later. We recommend this variant of internal thread for all containers up to 300 litres.

Variants	
S60004	Connection inner thread G1 1/2", mounted
S60006	Connection inner thread G1 1/4", mounted
S60063	Connection inner thread G3/4", mounted
S60005	Connection inner thread G2", mounted
S60064	Connection inner thread G1", mounted
S60062	Connection flange G1/2" DN15 PE Natural, mounted
