

CPX Container 650L rectangular 2"

The tank has a conical 2" or 3" outlet and is supplied with a pallet section for use with a pallet jack or forklift with adjustable tines from the short side. The container has a 400 mm O-ring sealed inspection hatch with an acidproof clamping ring as standard. The well-protected inspection hatch located on top of the tank can be fitted with a seal in the clamping ring. The container can be supplied with connections as required. Acid-proof valves and threaded sleeves as accessories. The tank is stackable when empty. Also available in larger 800 L and 1000 L versions.
