

CPX Silo 800L conical bottom

CPX Silos have a special design that enables mass flow, which facilitates container emptying. A slide valve is available as an accessory in both stainless steel and hot dip galvanised versions. However, the outlet can be modified as necessary and supplied both threaded and with a flange. The stand can be fitted with wheels and customised. Ideally, the stand is moved by means of a forklift. Also available in 1,200 L and 1,500 L versions.

Art.nr: 40609

Requires double door

Approximate size

Specifications	
Material	PE
Shape	Cylindrical
Bottom shape	Conical
Design	Open
Color	Natural
