

CPX Septic tank 1200L

The 2 chambers in the septic tank provide an extra-long sedimentation distance. The flexible, robust design means that CPX Septic Tanks are suitable for most ground conditions. Can be installed at depths of 2–2.7 metres. The inlet and outlet can be located on both short and long sides. CPX Septic Tanks have an integrated pump well. Pump is sold separately.

Art.nr: 23012

Approximate size

Specifications
